Hi Eric -

if you would be available for a meeting on June 11? I think (b) (6)
and Keith wanted to know when was the last time we could meet

Also, have you confirmed Kristine for the stormwater meeting on June 5? Bob reminded me today that there is a sediment conference on June 5 in Seattle - I don't think this will be an issue for any LWG folks, but just thought I would mention it.

thanks
valerie

I think a 9:00 am start would be fine.

Eric

RE: scheduling meetings

Hi Eric - One question...for the meeting on the 5th, what time would you all prefer? I was thinking about a 9am start, but please let me know if this doesn't work well for your team.

thanks!
valerie

Valerie, the dates below work for us. Regarding the June 4th and 5th dates, we would like to discuss PRGs on the 4th beginning at 1:00 pm. Regarding the stormwater meeting, I am still waiting for Kristine Koch to confirm that this date will work for her. It seems to work for other team members so let's go ahead and book it.

Thanks, Eric

scheduling meetings

Chip, Eric -

Can you please let me know if your team is available next week for the following meetings:

Weds. May 28, 1pm = Fate and Transport Telecon.
Thurs. May 29, 9am = Background methods

I would also like to try and schedule meetings with EPA on PRGs and Stormwater Loading Methods for June 4 and 5. At this time, LWG has no preference for which topic is covered on which day. If it looks like the right people aren't available either of those days, it would be great if you could provide me with some idea of availability over the next couple weeks for the appropriate people for each topic.

thanks!
valerie
